Friday, February 2, 2024. Indonesia Financial Services Authority (OJK) is committed to improve work quality, business process and services acceleration to stakeholders by implementing ethics standards and highest integrity in carrying out OJK's main duties and functions.

This commitment was stated by Chairman of the Board of Commissioners of OJK Mahendra Siregar in "Signing of Performance Agreement and Integrity Pact" held in Jakarta, Friday. The signing was attended by all members of OJK Board of Commissioners (on-site) and all OJK employees in Indonesia (virtually).

Mahendra views that as an authority in the financial sector, OJK is called to stay vigilant as well as to improve services through eliminating bureaucracy and hurdles in the internal business process.

"The signing once again emphasizes our commitment in improving work quality and business process improvement, as well as continuous improvement and acceleration of services to the stakeholders," said Mahendra.

Mahendra encourages all OJK Employees to earnestly carry out the performance agreement and integrity pact as they are a close part of all work and performance aspects of OJK Employees.

Furthermore, he also emphasized the importance of OJK Employees' anticorruption commitment to realize a sound financial services sector ecosystem with integrity.

Mahendra extended his appreciation upon OJK's performance throughout 2023, particularly in graft prevention, internal government, and transparency, namely:
